

Call for Papers: ICSAT 2013

5th International
Conference on
Sustainable Automotive
Technologies

25 - 27 September 2013
Ingolstadt, Germany

Dear Sirs,

it is my pleasure to invite you to the **5th International Conference on Sustainable Automotive Technologies**, which will take place on September 25 - 27, 2013 in INGOLSTADT, Germany.

Prospective authors are invited to submit abstracts of 300 words via conference email: info@icsat2013.com

Key Topics – Automotive Responsibility for Mobility

- Sustainability
- Production
- Recycling
- Responsibility
- Lightweight Design
- Engines
- Electro-mobility
- CO2 Emission Reduction

The conference brings together various researchers in academia and industry, engineers, social scientists, scholars and graduate students to exchange and share their experiences, as well as research results about all aspects of Sustainable Automotive Technologies and to discuss challenges encountered and solutions adopted.

Please note, that the late abstract submission deadline is February 15, 2013. For more information about the conference, please visit our website www.icsat2013.com

I look forward to seeing you in INGOLSTADT.

Prof. Dr. Jörg Wellnitz
Chairman ICSAT 2013
